AHC021 - Communicable Disease, Epidemic and Pandemic Exclusion

This endorsement modifies insurance provided under this Medical Malpractice Policy. It is hereby understood and agreed that:

1. The following exclusion is added to Section 5. **EXCLUSIONS:**

Communicable Disease, Epidemic and Pandemic

arising out of, based upon, in connection with, resulting from, contributed to by or attributable to, directly or indirectly, in whole or in part, any actual, alleged or suspected:

- a. **Communicable Disease;** or
- b. **Epidemic or Pandemic.**

2. For the purposes of this endorsement the following definitions are added:

Communicable Disease means an illness or disease caused by the infection, presence and growth of pathogenic biologic agents in an individual human or other animal host, including but not limited to any bacteria, virus, mold, mildew, fungi, parasite or other vector and which biologic agents or its toxins are directly or indirectly transmitted to infected individuals by physical contact with an infectious person, consuming contaminated foods or beverages, contact with contaminated body fluids, contact with contaminated inanimate objects, inhalation, being bitten by an infected animal, insect or tick, or other means. Communicable Disease includes coronavirus disease 2019 (COVID-19) or any other disease caused by severe acute respiratory syndrome coronavirus 2 (SARS-CoV 2) (previously known as 2019-nCoV), or any disease caused by any mutation or variation of SARS-CoV 2.

Epidemic means a widespread occurrence of a **Communicable Disease** which affects a large number of individuals constituting an increase in the number of cases of such **Communicable Disease** above what is normally expected within a population, community or region over a particular period of time.

Pandemic means an **Epidemic**, which the World Health Organization has declared to be, or assessed or characterized as a pandemic in any public statement.

All other terms and conditions of this Policy remain unchanged.

AHC023 – CYBER EXCLUSION

The following exclusion applies to all sections of the **Policy**. **Insurers** will not pay for any **cyber loss**:

Cyber Loss	All actual or alleged loss, damage, liability, injury, compensation, sickness, disease, death, medical payment, claim, cost, defence costs, expense or any other amount incurred by or accruing to the Insured , including but not limited to any mitigation cost or statutory fine or penalty, directly or indirectly caused by, contributed to by, resulting from, arising out of or in any way connected with a cyber incident .
Cyber Incident	<ol style="list-style-type: none"> the alteration, modification, distortion, corruption of or damage to any computer or other equipment or component or system or item which processes, stores, transmits or receives data or any part thereof whether tangible or intangible (including but without limitation any information or programs or software); or any alteration, modification, distortion, erasure, corruption of data processed or stored by any computer system or other equipment or component or system or item; or loss or damage of or to a computer system or any digital assets; or any loss whatsoever or any consequential loss, whether to the Insured's property or not, where such loss is directly or indirectly caused by or contributed to by, resulting from, arising out of or in any way connected with: <ol style="list-style-type: none"> Computer viruses; Security breaches; Cyber extortion; Cyber terrorism; a denial of service attack; any or alleged breaches of any data protection laws any breach of duty, statutory duty or regulatory duty or trust or series thereof; or any failure to act, any error or omission or accident or series thereof

Definitions

For the purposes of this exclusion, the following words will have special meaning:

Word	Specific meaning
Computer system(s)	any computer, hardware, software, application, process, code, programme, information technology, communications system or electronic device owned or operated by the Insured or any other party, including any similar system and any associated input, output or data storage device or system, networking equipment or back up facility. This includes a group of computer systems and other electronic devices or network facilities connected via a form of communications technology, including the internet, intranet and virtual private networks (VPN), allowing the networked computing devices to exchange data.
Computer viruses	includes, but not be limited to, a virus, malicious code or worm which either damages the Insured's computer system or allows unauthorised use of or access to any digital asset .
Cyber extortion	any threat or malicious act or series thereof, including but not limited to a demand for funds, regardless of time or place, designed to extort, corrupt, damage or introduce a computer virus or a denial of service attack .
Cyber terrorism	an act or series of acts of any natural person or group(s) of persons, whether acting alone or on behalf of or in connection with any third party organisations, committed for political, religious, personal or ideological purposes including but not limited to the intention to influence any government and/or put the general public in fear for such purposes by using activities perpetrated electronically or otherwise that are directed towards the destruction, disruption or subversion of communications and information systems, infrastructure computers, digital assets , the internet, telecommunications or electronic networks and/or its content or sabotage and/or threat therefrom.
Data protection laws	any legislation or rules governing the use of personal data including, but not limited to the Data Protection Act 2018, EU General Data Protection Regulations (GDPR) (Regulation (EU) 2016/679) and/or the Data Protection Directive 95/46/EC or equivalent or successive local legislation.
Denial of service attack	any unlawful attempt by a party to temporarily or indefinitely interrupt or suspend service to a digital asset .
Digital assets	any computer or mobile device or other electronic data processing device, equipment or system, any hardware, software, programme, instruction, data or component utilised or intended to be utilised therein or thereby, or any actual or intended function of or process performed by any of the foregoing. Digital assets shall also include the Insured's computer system .
Security breaches	any unauthorised access or unauthorised use of digital assets .

Burden of Proof

If the Insurers allege that by reason of this exclusion any Cyber Loss sustained by the Insured is not covered by this policy, the burden of proving the contrary shall be upon the Insured.

AHC024 - Patch Test requirement

The following is added to Section 5:

Exclusions:

If a treatment applied by **You** required a patch test, **We** shall not be liable to indemnify **You** for any claim unless a skin patch test was carried out on the client at least 24 hours prior to such treatment and treatment commenced only where no adverse reaction occurred.

However, where a client refused to undergo a patch test, **You** obtained a waiver form signed by **Your** client detailing their refusal and understanding of the risks associated. The waiver form must be recorded on **Your** client's treatment files during the period of insurance.

If a patch test is not viable at your clinic, **We** will allow **You** to accept the results of a postal patch test provided by **You** and conducted by **Your** client, not less than 48 hours before the treatment. It is a condition that **You** obtain signed confirmation from **your** client, that the patch test was conducted, and there was no skin reaction.
